

## My own role model

My role model comes from the Manga and Anime series Fairy tail. She is a fictional character. She is also one of the most Important characters. her Name is Erza Scarlet and she is 19 years old in the series. She is also relatively famous and that is,why she is named Titania. Her Childhood was very difficult for her. ( she and other Children were kidnapped from their village and made to build a tower. Later when She started a rebellion and defeated the guards, one of her friends got brainwashed and continued building the Tower. He granted her freedom, knowing that if she come back or sent help, he would kill her friends). In the Series she is portrayed as a Strong, confident and dutiful Women. That is, what makes her so „Special“ to me. She shows herself as just as described but is still very sad inside because of her tragic childhood. I would also like to be like her , and by that i also mean her beautiful appearance, long red hair and Self-confident. I also find her character in the series beautiful. She protects her friends and helps them in trouble. She also says sentences like : „being alive is a sign of strength “ , „Always trying to make myself seem strong so i looked my heart in a suit of Armor“ or „If you believe that your life so far has been a mistake, then maybe now is your chance to mend it.“ Which in my opinion is very Inspiring. Her Personality is a very Strict person. She often criticizes her friends, but she doesn't mean it. Erza describes herself as someone who has always cried since she was unable to protect those who were Important to her.
